

Born in 1997 or 2000, on an F11 or F12 position? This article concerns you...

Commercial Aircraft

13 January 2024

Are you a cadre on a day package, on an F11 or F12 position, and turned 24 or 27 years old during the year 2024?

If this is the case, **your January 2025 salary will be automatically increased!**

You turned 24 in the year 2024 (born in 2000):

- If you occupy an F11 position, your gross monthly salary for January 2025 will be increased to €3,517
- If you occupy an F12 position, your gross monthly salary for January 2025 will be increased to €3,653

You turned 27 in the year 2024 (born in 1997):

- If you occupy an F11 position, your gross monthly salary for January 2025 will be increased to €3,819
- If you occupy an F12 position, your gross monthly salary for January 2025 will be increased to €3,916

This results from the application of the “launching pad” negotiated in the new company agreement, which promotes the gradual assumption of autonomy and responsibilities at the start of one’s career.

It has the effect of allowing you to benefit from automatic salary progression as explained above.

*Check your pay slip at the end of January
and do not hesitate to come back to us with any questions!*
